

Chester Santos, Memory Expert Professional Speaker, Trainer and Coach

- **Improve** Personal and Professional **Connections**.
- Gain **More Business** to Earn **More Money**.
- Study **More Effectively** and **Efficiently**.

Developing a powerful memory will help you achieve this and more – [Book Chester](#)

A great memory is something you can achieve!

Imagine being able to remember names, facts, figures
and a vast amount of knowledge.

Chester Santos is a gifted teacher and memory expert with over 8 years experience competing at the highest levels of competitive memory. As a National Memory Champion, Chester Santos has used the skills he has honed to teach thousands of people to reach their potential to develop a powerful memory that benefits them for the rest of their lives!

Memory is a powerful tool in this fast moving age. Chester is a respected public speaker and corporate trainer in the area of memory improvement and mental fitness. He teaches effective memory techniques to a range of people across many different professions and levels. He believes that anyone is capable of doing amazing things with their mind.

Participants learn simple techniques to:

- Be able to remember the name of every single person that they ever meet.
- Have instant recall of business related facts and figures.
- Give eloquent speeches and presentations from memory without notes.
- Learn foreign languages and material for exams.

Chester is capable of such amazing feats:

- As memorizing and perfectly recalling a 100+ digit sequence of numbers after looking at it for only five minutes.
- Memorizing and perfectly recalling an entire deck of playing cards in less than two minutes and 30 seconds.
- He can learn hundreds of random words, names & faces, and poetry, in a matter of minutes. This was not always the case!
- The amazing memory that Chester has developed is a result of exercising his brain with years of practicing and mastering a variety of memory improvement.

Available Workshops:

- **Memory Fun 101:** You will learn fun, practical, and easy to learn methods to quickly improve your memory. You will have a great time while learning powerful techniques that can be applied to whatever it is that you want to remember.
- **Memory Fundamentals:** Students will actually be able to feel their memories improving throughout the session. Everyone will leave this class with a sharper mind and a solid foundation in exercises and techniques that will benefit them throughout their lives.
- **Number Memory:** Learn to quickly and easily file numbers into your brain for instant recall whenever you need them. You will leave with a dramatically improved memory for numbers.
- **Names & Faces:** Learn effective and easy methods for remembering names. This invaluable skill that will benefit you for the rest of your life.
- **Speeches, Foreign Languages & College Course Materials:** You will be amazed with how fast you are able to learn the material, and will leave with a clear understanding of how your new skills can be applied to rapidly learning ANY speech, foreign language, or college course material.

Testimonials:

"Chester was amazing. Within minutes, he had us from skeptical to curious to be able to instantly remember and recall a series of random words, numbers, U.S. Presidents, and more."

-Mike Faith, CEO & President, Headsets.com, Inc.
Education Chair for Young Presidents Organization, Nor Cal

"In Think like a Genius Straight A+ Student, we included your name and website as an additional reference for students who wanted to learn even more memory strategies. I know your strategies work because I bought your program and used them to pass an incredibly difficult Sommelier exam."

-Taryn Voget, CEO, Everyday Genius Institute

"After listening to Chester, I realized the possibilities. In a short span of time, 100's of students were using complicated memory techniques."

pukar malla, MPA Candidate 2011
Presidential Public Service Fellow
President, Harvard Graduate Council
Kennedy School of Government, Harvard University
